

Stan Stinky vs the SEWER PIRATES

Make a WALK-THE-PLANK Sewer PIRATE!

Draw your own sewer-sailing pirate character and make them walk the plank! Makes a great page marker, puppet or bookshelf friend.

You will need:

- Card
- Pens and pencils
- A jumbo lolly stick
- Scissors
- PVA Glue

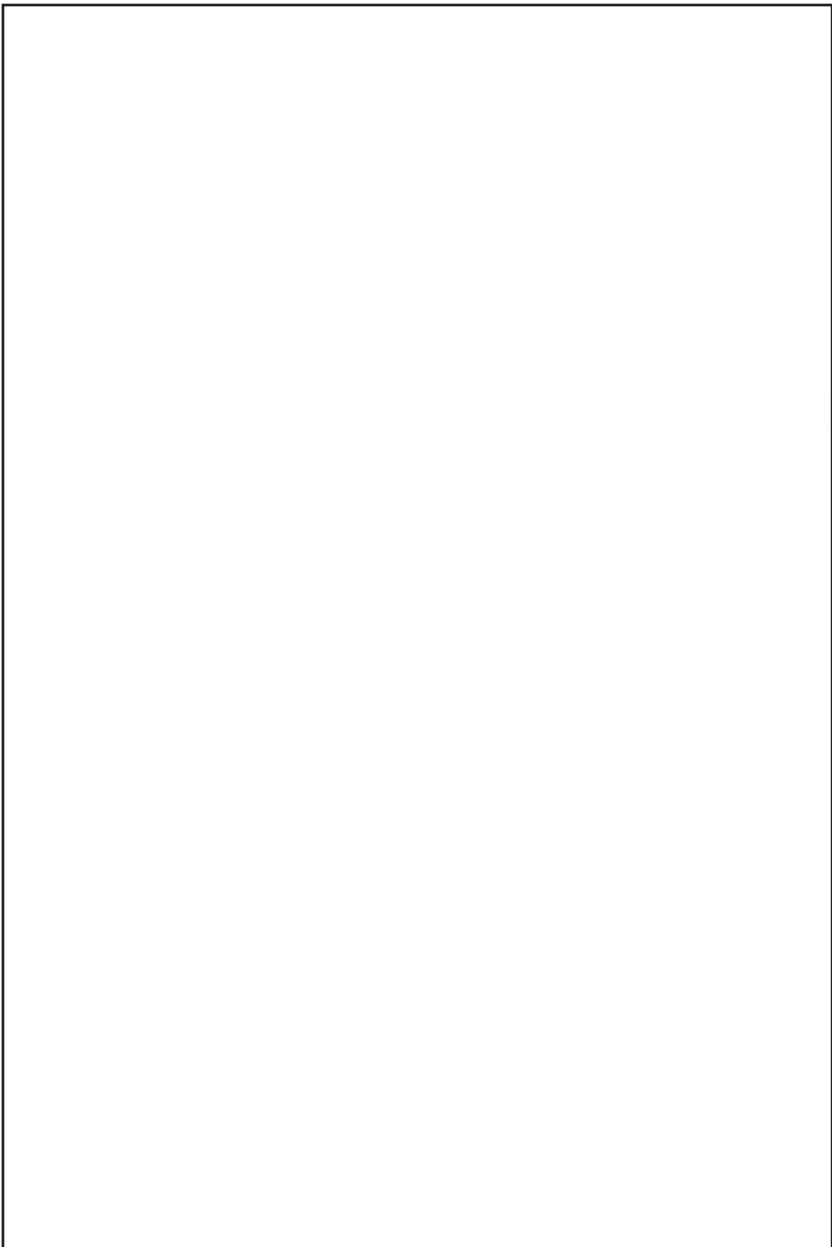

Use your imagination and draw a sewer pirate character to fill the box below.

To stop your character being floppy, you might want to glue it to some extra card.

Carefully cut around your character.

Stick their feet towards the right end the horizontal lolly stick.

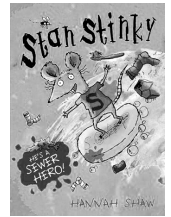

**Younger children, ask an adult to help you with scissors.*

Use me as a bookmark or page marker. You could even wedge the stick end between some of your favourite books on your shelf so it looks like I'm walking the plank off your bookshelf! If you're feeling creative, I could star in a sewer pirate themed puppet show!
